

Hello SnoPals

I looked out the window and there is snow in the air so I thought I should put out our first news letter of the season.

There has not been snow until now but we have been active over the summer.

Thanks to our maintenance supervisor, ALL of our equipment has been gone over and all the little issues that remained after last season have been corrected. Thanks to Rebel and his team of “helpers” for accomplishing this task.

If the report is correct you will not be able to follow the New Holland grooming route by following the drops of hydraulic fluid in the snow.

At the end of last season GENTEC and A. HOPE Construction donated vinyl siding, soffit and fascia for our AGASSIZ shelter on trail 763 and KINGS KOODOOT on trail 768. A group of 5 got busy on Sept. 22nd and did most of the work at Agassiz.

Agassiz Shelter 22 Sept 2018

The Agassiz Shelter looks GREAT. You will notice that the solar panel is NOT on the roof. **That is because someone stole it along with the controller, battery, light bulbs, light fixtures and switch.** The lighting will be replaced in a removeable design before the snowmobiling season starts. MembersPlease help us to protect our shelters and keep an eye out for those who would damage and steal from our CLUB.

This year Eastman SnoPals will once again be selling the SNOMAN WINNERS CHOICE RAFFLE tickets.

The tickets are \$2 each and the winner has a choice to take 1 of the 4 snowmobiles.

Our club gets \$1 from every ticket sold.

review**

**7:00 p.m. – Regular General
Meeting**

Watch for these work parties

Many hands make light work.!!

❖ **Agassiz Shelter – siding part II**
-half a day needed to finish up
the vinyl siding

❖ **Kings Kootout – siding
part I**

-this will be a multiple day event
to strip the old log siding off and
to prep and install the new vinyl
siding, soffit and fascia

❖ **Trail brushing**

- This will be as and when
needed by quad to clean up
some of the summer “blow
down”

❖ **Trail signing**

- This year we are going to try to
do the bulk of the trail signing
after the first snowfall when the
groomer is filling ruts and
packing the trails.
